(1) **AUTHORITY TO MAKE GRANTS.**—Subject to the requirements of this section, the Secretary shall make grants to States that adopt and implement effective programs to reduce traffic safety problems resulting from individuals driving while under the influence of alcohol. Such grants may only be used by recipient States to implement and enforce such programs.

(2) **MAINTENANCE OF EFFORT.**—No grant may be made to a State under this subsection in any fiscal year unless the State enters into such agreements with the Secretary as the Secretary may require to ensure that the State will maintain its aggregate expenditures from all other sources for alcohol traffic safety programs at or above the average level of such expenditures in its 2 fiscal years preceding the date of enactment of the SAFETEA-LU.

(3) **FEDERAL SHARE.**—The Federal share of the cost of implementing and enforcing in a fiscal year a program adopted by a State pursuant to paragraph (1) shall not exceed—

(A) in each of the first and second fiscal years in which the State receives a grant under this section, 75 percent;

(B) in each of the third and fourth fiscal years in which the State receives a grant under this section, 50 percent; and

(C) in each of the fifth, sixth,<sup>1</sup> seventh, and eighth fiscal years in which the State receives a grant under this section, 25 percent.

(b) **ELIGIBILITY REQUIREMENTS.**—To be eligible for a grant under subsection (a), a State shall—

(1) have an alcohol related fatality rate of 0.5 or less per 100,000,000 vehicle miles traveled as of the date of the grant, as determined by the Secretary using the most recent Fatality Analysis Reporting System of the National Highway Traffic Safety Administration; or

(2)(A) for fiscal year 2006 by carrying out 3 of the programs and activities under subsection (c);

(B) for fiscal year 2007 by carrying out 4 of the programs and activities under subsection (c); or

(A) if the State organizes the campaigns in cooperation with related periodic national campaigns organized by the National High-

way Traffic Safety Administration, except that this subparagraph does not preclude a State from initiating sustained high visibility, Statewide law enforcement campaigns independently of the cooperative efforts; and

(B) if, for each fiscal year, the State demonstrates to the Secretary that the State and the political subdivisions of the State that receive funds under this section have increased, in the aggregate, the total number of impaired driving law enforcement activities at high incident locations (or any other similar activity approved by the Secretary) initiated in such State during the preceding fiscal year by a factor that the Secretary determines meaningful for the State over the number of such activities initiated in such State during the preceding fiscal year.

(2) PROSECUTION AND ADJUDICATION OUTREACH PROGRAM.—A State prosecution and adjudication program under which—

(4) HIGH RISK DRIVERS.—A law that establishes stronger sanctions or additional penalties for individuals convicted of operating a motor vehicle while under the influence of alcohol whose blood alcohol concentration is 0.15 percent or more than for individuals convicted of the same offense but with a lower blood alcohol concentration. For purposes of this paragraph, "additional penalties" includes—

(A) a 1-year suspension of a driver's license, but with the individual whose license is suspended becoming eligible after 45 days of such suspension to obtain a provisional driver's license that would permit the individual to drive—

(i) only to and from the individual's place of employment or school; and

(i) suspend the driver's license of such individual for a period of not less than 90 days if such individual is a first offender in such 5-year period; except that under such suspension an individual may operate a motor vehicle, after the 15-day period beginning on the date of the suspension, to and from employment, school, or an alcohol treatment program if an ignition interlock device is installed on each of the motor vehicles owned or operated, or both, by the individual; and

(2) The costs of the training of law enforcement personnel and the procurement of technology and equipment, including video equipment and passive alcohol sensors, to counter directly impaired operation of motor vehicles.
